

LIST OF FIGURES

<u>Figure 1</u>	FETAX Accuracy, Sensitivity, and Specificity against Combined Rat, Mouse, and Rabbit Teratogenicity Test Results as a Function of the TI Value	6-50
<u>Figure 2</u>	FETAX Accuracy, Sensitivity, and Specificity against Combined Rat, Mouse, and Rabbit Teratogenicity Test Results as a Function of the MCIG/LC ₅₀ Ratio	6-51
<u>Figure 3</u>	FETAX Accuracy, Sensitivity, and Specificity against Human Teratogenicity Study Results as a Function of the TI Value.....	6-53
<u>Figure 4</u>	FETAX Accuracy, Sensitivity, and Specificity against Human Teratogenicity Study Results as a Function of the MCIG/LC ₅₀ Ratio	6-54
<u>Figure 5</u>	Inter-laboratory Assessment of FETAX Studies on Caffeine	7-32
<u>Figure 6</u>	Intra-laboratory Assessment of FETAX Studies on Caffeine	7-33
